(c) *A motion to dismiss a petition: filing, contents, and responses to a petition.* If the Administrator is of the opinion that the petition, or any portion thereof, does not substantially comply, in form or content, with the Act or with requirements of paragraph (b) of this section, the Administrator may, within 30 days after the filing of the petition, file with the hearing clerk a motion to dismiss the petition, or any portion of the petition, on one or more of the grounds stated in this paragraph. Such motion shall specify the grounds for objection to the petition and if based, in whole or in part, on allegations of fact not appearing on the face of the petition, shall be accompanied by appropriate affidavits or documentary evidence substantiating such allegations of fact. The motion may be accompanied by a memorandum of law. Upon receipt of such motion, the hearing clerk shall cause a copy thereof to be served upon the petitioner, together with a notice stating that all papers to be submitted in opposition to such motion, including any memorandum of law, must be filed by the petitioner with the hearing clerk not later than 20 days after the service of such notice upon the petitioner. Upon the expiration of the time specified in such notice, or upon receipt of such papers from the petitioner, the hearing clerk shall transmit all papers which have been filed in connection with the motion to the judge for the judge's consideration.

(d) *Further proceedings.* Further proceedings on petitions to modify or to be exempted from the Order shall be governed by §§ 900.52(c)(2) through 900.71 of the Rules of Practice Governing Proceedings on Petitions To Modify or To Be Exempted From Marketing Orders. (a) If the Secretary determines, based on the results of the sign-up period, that at least 10 percent (4,622) or more of the number of cotton producers and importers who voted in the 1991 referendum request the conduct of a continuance referendum on the 1991 Order amendments, a referendum will be held within 12 months after the end of the sign-up period. Not more than 20 percent of the total requests counted toward the 10 percent figure may be from producers from any one state or from importers of cotton.

(b) If the Secretary determines that fewer than 10 percent (4,622) of the number of producers and importers who voted in the 1991 referendum do not favor a continuance referendum, no referendum will be held.

§ 1205.402 Determination of Cotton Board membership.

(a) In determining whether any cotton-producing state is entitled to be represented by more than one member of the Cotton Board as provided in § 1205.322, average annual production of Upland cotton in terms of 480-pound net weight bales for the five most recent marketing years will be used as

The initial importer representation on the Board shall consist of four importer representatives.

(c) All members appointed from a state will be entitled to serve a full three-year term even though it is determined in a subsequent year that a state should have fewer additional members by using the average production of the five most recent marketing years as specified in paragraph (a) of this section.

(d) All members appointed to represent importers will be entitled to serve a full three-year term even though it is determined in a subsequent year that importers should be represented by fewer additional members by using the average volume of imports of cotton and the cotton content of products on which assessments have been collected as specified in paragraph (b) of this section.

(ii) The current value of the cotton converted to a fixed amount per bale as reflected in the following assessment chart:

7 CFR Ch. XI (1-1-00 Edition)

¹ Assessment is calculated on 5/10 of 1 percent of the midpoint of each 10¢ increment, based on a 500 lb. bale and converted to a fixed amount per bale.

(2) Each marketing year the collecting handler must select one of the two options for collecting the supplemental assessment as provided in paragraph (a)(1) of this section. The handler shall notify the Cotton Board as to the method selected at the time the handler files the first handler report each marketing year.

(b) *Importer assessment.* An assessment for cotton research and promotion of \$1 per bale is hereby levied on each bale of cotton, or the bale equivalent thereof for cotton in cotton-containing products identified in the HTS conversion factor table in paragraph (b)(3) of this section and imported into the United States on or after July 31, 1992. The \$1 per bale assessment shall be converted to a fixed amount per kilogram to facilitate the U.S. Customs Service in collecting this assessment.

(1) A supplemental assessment for cotton research and promotion in addition to the \$1 per bale assessment provided for in paragraph (b) of this section is hereby levied on each bale of cotton or bale equivalent of cotton in cotton-containing products, identified in this subpart, imported into the United States on or after July 31, 1992. The supplemental assessment shall be levied at the rate of five-tenths of one percent of the historical value of cotton as determined by the Secretary and expressed in paragraph (b)(2) of this section. The rate of the supplemental assessment on imported cotton will be the same as that levied on cotton produced within the United States. The

Agricultural Marketing Service, USDA

§ 1205.510

supplemental assessment will be calculated as a fixed amount per kilogram and added to the \$1 per bale or bale equivalent assessment to facilitate the Customs Service in collecting assessments.

(2) The 12-month average of monthly weighted average prices received by U.S. farmers will be calculated annually. Such weighted average will be used as the value of imported cotton for the purpose of levying the supplemental assessment on imported cotton and will be expressed in kilograms. The value of imported cotton for the purpose of levying this supplemental assessment is \$1.3977 per kilogram.

(3) The following table contains Harmonized Tariff Schedule (HTS) classification numbers and corresponding conversion factors and assessments. The left column of the following table indicates the HTS classifications of imported cotton and cotton-containing products subject to assessment. The center column indicates the conversion factor for determining the raw fiber content for each kilogram of the HTS. HTS numbers for raw cotton have no conversion factor in the table. The right column indicates the total assessment per kilogram of the article assessed.

(i) Any line item entry of cotton appearing on Customs entry documentation in which the value of the cotton contained therein results in the calculation of an assessment of two dollars (\$2.00) or less will not be subject to assessments as described in this section.

(ii) In the event that any HTS number subject to assessment is changed and such change is merely a replacement of a previous number and has no impact on the physical properties, description, or cotton content of the product involved, assessments will continue to be collected based on the new number.
